Company Overview

Cabinet Designs is a commercial millwork and cabinetry shop located in the Muscle Shoals Industrial Park for the past 21 years. Owner Randy Polk, a custom craftsman with over 30 years experience, produces kitchen cabinets, mantles, entertainment centers, molding, and cabinet doors to the specifications of his customers. He uses a wide variety of woods, including ash, oak, maple, cherry, and birch, which he can match to the cabinet hardware that best suits the customer.

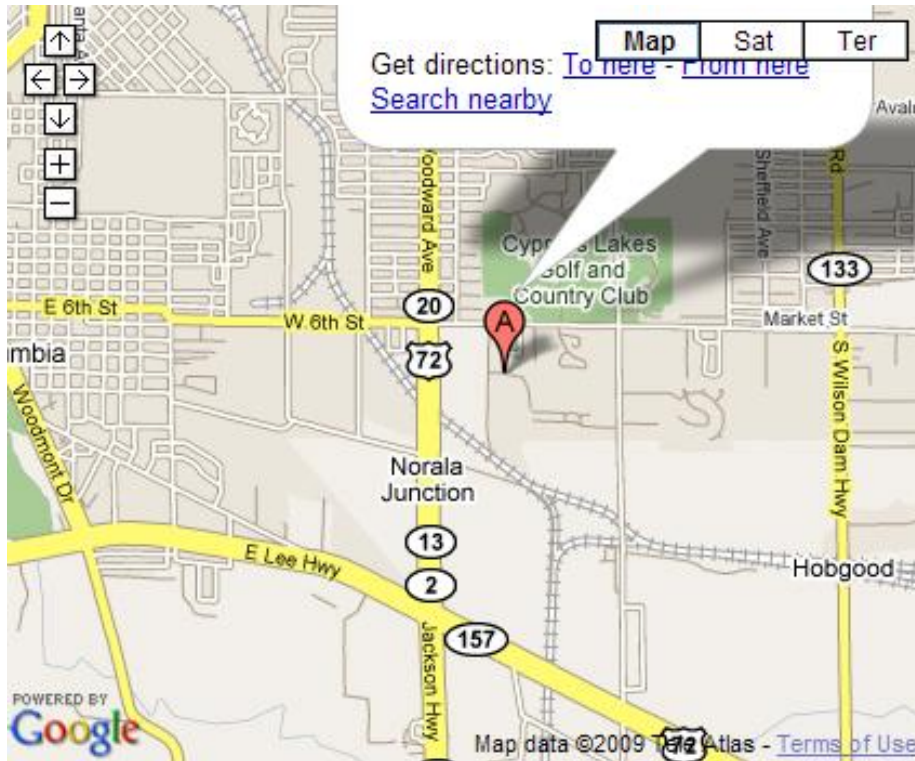

"We take pride in our cabinetry and use solid woods with natural grain and plywoods for most

residential applications," says Randy Polk. "For customers looking for high quality craftsmanship, we can make the cabinets or mantles to suit their tastes and give one-on-one, professional service."
